

A course in modern pedagogy!

“Problem Based Learning (PBL) and Information Technology (ICT) in Teaching”

Three day course free of charge

Venue: Estonian University of Life Sciences, Tartu, Estonia.

Time: May 9-11, 2006

Conditions: For accepted participants, travel expenses, hotel stay, meals and course expenses are covered, thanks to support by the Nordic Council of Ministers.

NOVA and BOVA university networks jointly offer this course to teaching staff at all member universities, i.e.:

**HU-AF & HU-Vet, Finland - KVL, Denmark - LBHI, Island -.NVH & UMB, Norway
SLU, Sweden - EMÜ, Estonia - LLU, Latvia - LZUU & LVA, Lithuania**

Course language: English

Thematic focus:

GET STARTED WITH NEW PEDAGOGIC METHODS! BUILD ON YOUR PERSONAL EXPERIENCE AND CURRENT TEACHING SITUATION.

Teachers: Viljo Vabrit (EMÜ), Anita Monty (KVL) and Soeren Kruse (Danish University of Education, DPU). Detailed programme will be available on: www.nova-university.org/pedict and BOVA website www.bova-university.org/index.php?list=teachedu

How to apply:

- **BOVA staff - apply to the BOVA coordinator at your university**
- **NOVA staff – apply to Leon Brimer using: LBR@KVL.DK**

Deadline for applications - 15th of April.

Good English is required. Applicants are kindly asked to provide their current academic degree and position at university, as well as shortly (a few lines only) describe their teaching experience and proficiency of English.

Accepted participants will get the possibility of describing their own present teaching situation and their development wishes and needs. It will be possible for each participant to actively work and develop teaching products from their expressed needs and plans.
